RAW 50

15 students

with a perfect raw study score of 50 .

ATAR 99

72 students

achieved an ATAR of 99 or above.

2025 Results Overview

The 2025 VCE results are more than just a summary of scores; they reflect the precise operation of Austin Education's teaching system.

Over the past year, we have focused on turning teaching experience into measurable standards. Our academic team has comprehensively restructured core teaching materials and question banks in line with the latest VCE syllabus changes. Instead of simply increasing the workload, we analysed past examiners' reports and marking criteria to help students develop a more targeted approach to their examinations.

In terms of teaching delivery, we have strengthened our "full-cycle tracking" system. From initial assessments to pre-exam mock examinations, student data is recorded and analysed at every stage. Regular mock examinations and one-to-one paper reviews help to bridge information gaps, making the path to improvement clear and manageable.

These results are not a coincidence; they are the outcome of systematic planning and efficient execution. Austin Education remains committed to building trust through high-quality teaching and upholding the fundamental principles of education, without taking shortcuts. We thank our students and parents for their cooperation. These achievements belong to everyone who remained grounded and worked hard.

In 2025, Austin Education remains the top-performing institution in Victoria.

In the 2025 VCE exams:

72 students achieved **ATAR 99+**

22% of our students achieved **ATAR 99+**

This year, Austin Education produced:

5 students with a perfect **ATAR of 99.95.**

15 students with a perfect **Raw Study Score of 50.**

Austin Education continues to lead in Mathematics, while achieving excellence across all other subjects. Among the 15 perfect score achievers:

8 in **Mathematics** | **4** in **English and EAL** | **2** in **Physics** | **1** in **Music**
